## Upcoming Events

### **April 11,- Starburst photo walk-**

WEATHER PERMITTING- we will do an education night photo walk in downtown Toledo, to learn how to create starbursts from street lights in a photo.

The accompanying photo by Chris Boesel was in the March competition. Members have asked how this is done. (Settings: 3 sec, f/16, ISO 800, shot at 24 mm with a 16-85 mm lens)

We will meet at 7 PM. There is free parking on the street. Jack Myers will send out a meeting location later. Sunset is around 8:15PM. We will take pictures in the area and then go to 222 Erie to learn how to take this photo.

For those shooting JPEG, if you want to shoot Black and White, We'll explain how to set your camera using Picture styles/Picture controls.

10am- Noon  
Clubhouse

The Studio Group will meet, in the clubhouse, on Saturday April 13th at 10 -12 noon.

We will be looking at creating a still life that is good enough to put on the wall. Bring items that would fit a flowery, basketry, planty, theme. Let's make a wow for Michele to put in her file. LOL

Please email John Dillon if you plan on attending. This will be a perfect activity if it rains out everything else.

## Items For Sale

Tamrac 5789  
Evolution 9  
Backpack

**For Sale: Tamrac 5789 Evolution 9 Backpack** w/Rain Cover, laptop pocket, \$50. It is Black. I lightened the pictures to show detail and it makes the bag look gray. Handy side access pocket, pictures 5, 6, so you don't have to put the bag down to get your camera. I really liked this feature. Slip off one shoulder strap, let the backpack swing in front of you, open the pocket, remove the camera, slip the shoulder strap back on. One side pocket has broken zipper on the top edge. It never caused a problem. I put a safety pin on it for the photo. The side and bottom of the pocket still zip up.
