Notes from our event chair

PACT has a Meetup page.

Meetup.com creates possibilities. Meetup is a platform for finding and building local communities. People use Meetup to meet new people, learn new things, find support, get out of their comfort zones, and pursue their passions, together. PACT recently started a page where some of our club meetings have been posted. After much discussion we have agreed to give it a try with the following goals in mind.

1. To spark more interest in the community and to generate more interest in our club's membership.
2. To Create meetup outings open to members and the public of likeminded photographers looking to get out and explore and photograph more but, in a group, setting.
3. To post our Monthly meetings and interest groups open to visitors.
4. Bring in more traffic to the Metroparks, and more awareness about the Gardens and how the gardens and PACT are connected to the Metroparks.

Photo Walks & Trips

Check out our PACT Meetup page for a listing of Photo walks and trips scheduled for the summer.

For more details go to www.meetup.com

Members Photos Out and About

The club is hosting a gallery presentation called Wild Weather by club member Ross Ellet and storm chaser Aaron Rigsby. The project was jointly put together by Metroparks Toledo and the Photo Arts Club of Toledo. The exhibit is open every Friday, Saturday, and Sunday noon to 4pm starting June 1st (Saturday) and running through July 28th. During this period, the clubhouse will be open to visitors. Please Contact John Dillon to volunteer to help monitor the presentation during open hours. Any time you can offer will be greatly appreciated

If you have winning photos in other contests or have your photos displayed for the general public, let me know so we can share it with the club.

Members Equipment For Sale

If you have a piece of photo equipment you are either looking to sell or looking for, this newsletter will be an option for you.

Hints & Tips:

If you have an area of interest that you feel would be of interest to the club, this editor would welcome contributions. Creating an article for a newsletter normally results in learning as well as contributing.
